Service Quality Standards and Consumer Protection

The Company has procedures in place to comply with service quality standards and consumer protections.

The Company has incurred an appropriate level of investment in its physical plant, including diverse routing, and is adequately staffed to maintain its physical plant to minimize service issues and respond quickly and ably to appropriately address any service issues and customer complaints. The Company is also adequately staffed to fulfill customer service requests on a timely basis.

The Company has procedures in place to ensure that its customer protection obligations are appropriately discharged. The Company maintains awareness of currently effective Federal and State consumer protection regulations, maintains procedures to comply with these regulations, keeps its employees informed of the procedures, and monitors its employees' compliance with the procedures.

Ability to Remain Functional in Emergency Situations - Sec 54.202(a)(2)

The Company has procedures and facilities in place to remain functional in emergency situations, including backup power at all switching locations in the form of batteries and generators, and ringed and duplicative networks with the ability to reroute traffic around damaged facilities and manage traffic spikes resulting from emergency situations.

The Company's pricing of fixed voice services, including basic local rates below \$20 and a federal SLC of \$6.50, computes to a total local rate well under \$30. This is well below the reasonable comparability benchmark issued by the Wireline Competition Bureau.

Five-Year Build-Out Plan
For Tidewater Telecom, Inc.

Tidewater Telecom, Inc. (the "Company") is a rate-of-return carrier ETC and hereby submits its five-year build-out plan for the years 2016 through 2020.

The Company serves the following exchanges in midcoast Maine which have a combined population of approximately 14,000 people:

Bremen	
Damariscotta	
New Harbor	
Sheepscot	
South Bristol	
Union	

High cost support will enable the Company to maintain and improve its voice and broadband network serving the entire population of each of the above exchanges. The Company plans to upgrade its network continually throughout the 2016 through 2020 period, primarily in two ways:

- Upgrading of (primarily transmission) central office equipment.
- Deployment of fiber optic cable to the customer premise.

The Company will use all of its high cost support for the maintenance and improvement of its network as described above. The network will be appropriately maintained on an continual basis. The upgrading of central office equipment and deployment of fiber optic cable to the customer premise will proceed consistent with prudent financial management of the Company's funding and resources. Network improvements will provide availability of increased broadband speeds and capability throughout the Company's service area.

The Company received \$747,106 in universal service support in 2014. Of this amount, \$276,605 was used to improve service quality through construction of fiber optic cable, \$175,925 was used to improve service quality through upgrading digital equipment, and \$294,576 was used to maintain improved service quality through operating expenses. The Company attained its goal of upgrading its network to provide increased broadband speeds and capabilities consistent with prudent financial management.
